

**MAKE A DAY OF IT...** The Llanberis Lake Railway is one of several great attractions in Llanberis, the lakeside village at the foot of Snowdon. There's so much to see and do, and something for everyone. The new Ropes and Ladders high wire course for the more adventurous; an ancient Castle, a Power Station hidden deep inside a mountain, and reminders of the once thriving slate industry in the Old Quarry Hospital and National Slate Museum. Then there's the picturesque Padarn Country Park with its waymarked woodland and lakeside walks, and various activities including boat trips and rowing boats on Lake Padarn. And of course the best way to get from one to another is aboard our little train. In fact there's so much to do in Llanberis, whatever the weather, that just one day might not be enough.....

## Croeso · Welcome

Discover the timeless appeal of our narrow-gauge steam trains - a more leisurely way to travel and the perfect way to savour the grandeur of Snowdonia.

Starting at Gilfach Ddu, the journey takes you past the 13<sup>th</sup> century Dolbadarn Castle, crossing possibly Britain's shortest river and passing between Llanberis' twin lakes as the train negotiates the extension (opened in 2003) to Llanberis village. From here the train runs non-stop through Padarn Country Park, joining the 1845 slate railway route to run along the shores of Lake Padarn to Penllyn, and giving stunning views of Snowdon, the highest peak in England and Wales.

On its return, the train makes a short stop at Cei Llydan, an ideal place for you to stop over for a lakeside picnic. Upon your arrival back at Gilfach Ddu you can watch the driver stoking the fire, the engine taking water, or spend some time visiting our gift shop and café.

The five mile return trip takes around 60 minutes, and all advertised trains are scheduled to be hauled by one of our vintage steam engines rescued from the nearby Dinorwic slate quarries.

All our trains have wheelchair accommodation, but spaces are limited, so please let us know you are coming. Toilets, including disabled access, are situated nearby in the Country Park.
